

# An Introduction to **Beacon's Online University**

An Online Training Campus For Small To Large Businesses

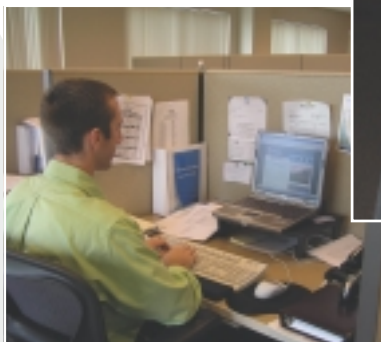

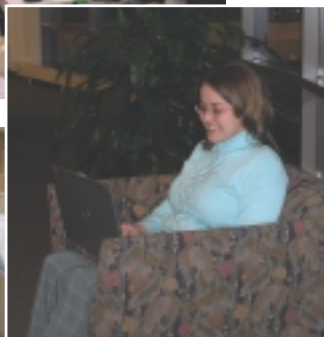

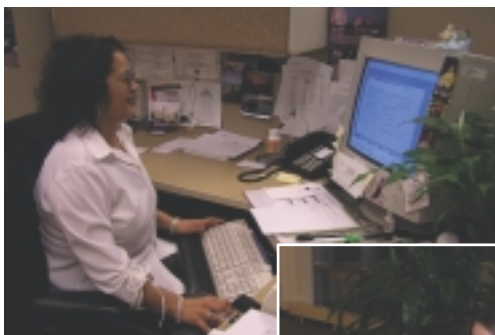

The Beacon Mutual Insurance Company has partnered with FirstNet Learning to create a unique online training campus for all Beacon policyholders. With 22 web-based courses in occupational health and safety, the Online University allows ALL employees within your company to familiarize themselves with the latest information on workplace safety.

Beacon Online University offers safety training for all facets of business and industry. Once you choose from one of two available training plans and register your company, employees can begin training almost immediately. The Beacon Mutual Insurance Company will pay for all of the safety courses that your employees choose to take, after the initial set-up fee has been paid by the employer.

## **What Courses Are Offered?**

## What Are My Options?

Recognizing that our policyholders come in all shapes and sizes, you may choose from either the Basic Training or Business Plus Programs.

### OPTION 1 – Basic Training Highlights

- The Basic Training Campus is designed for any size business looking to benefit from having better-trained employees and a safer work force.
- Students can be pre-registered or self-register on the Basic Training Campus.
- Students have access to all 22 safety courses, take a brief, after-course test, and can then print their own certificates of completion.
- The Basic Training option requires an initial setup fee of \$49.00, with an annual fee of \$49.00, made payable to FirstNet Learning.

### OPTION 2 – Business Plus Highlights

- The Business Plus Campus offers access to the same library of safety courses, but also provides the employer with a unique branded campus.
- In addition to the ability to print certificates of completion, employers have more flexibility in the administration of training and access to administrative tools for creating administrative reports.
- The Business Plus option requires a first year fee of \$699.00 and a renewal fee of \$100.00 annually thereafter.
- For both Basic Training and Business Plus campuses, FirstNet Learning provides a toll free help desk via phone and email.

## What Are My Benefits For Signing Up?

- Your company will enjoy reduced training time and travel expenses, and lower costs for training facilities and instructors.
- Our online campus offers immediate and constant access to training programs aligned with many OSHA programs.
- The highly interactive and varied instruction format helps to increase employee retention.
- Providing your employees valuable safety information delivers a constant message that may help decrease work-related injuries.
- Both online campus options, Basic Training and Business Plus, are designed to meet your company's training, reporting and budgeting needs.
